The IIB Education

National Skill Development Corporation (TP)

Sir,

Sub: Greetings from S D College, Alappuzha

Our College has been conducting the Skill Development Programmes attached to our continuing Education Cell (CE CELL) for the past few years. We are aware that this programme is extremely helpful for those section of students from the lower walks of life in our society. CCEK courses are quite within the affordable brackets.

What makes these course really worth is that it is able to produce a dual certification. One from CCEK and the other from National Skill Development Corporation respectively. Thus chances of employability s augmented in every respects as the NSDC programmes already comply with the National Occupational Standards (NOS).

The Industrial Internship and placement assistance supplementing this programme, is a matter to be appreciated. CCEK conducts a well organized skill development programme focused on employability.

We, do convey our best wishes and whole hearted supports for this skill development programme through which thousands of students are benefitted every year.

S D College, Alappuzha
